

We launched 2018 with over a thousand students at our winter conference in Toronto, Dec 28 - Jan 1. There were 90 workshops, dozens of excellent speakers, and inspiring main sessions. It was a valuable time to interact with students. My schedule for the next few weeks is:

- Jan 16, Wycliffe College/U of T, "Has Science Buried God?"
- Jan 17, McGill U, "Why a Philosopher and Scientist Believes in God"
- Jan 18, McGill U, "Why do the Innocent Suffer?"
- Jan 18, McGill U, "Why do I need God when science has all the Answers?"
- Jan 22, U of Calgary, Formal debate: Does God Exist?
- Jan 23, Mont Royal U, Formal debate: Does God Exist?
- Feb 2, U of Guelph, workshop plus a talk, topics unconfirmed

On Wednesday evenings, I run a young men's mentor group. We divide our two hours into four parts, including discussing a current issue of the week from Christian perspective, a book study on Mere Christianity by C.S. Lewis, an inductive Bible study of Romans and, finally, a time of prayer. Of course, good food and coffee are always an essential part of our evening.

Thank you again for your partnership with us, and for your prayers. On my own steam, the above events are nothing but human effort. Pray for supernatural fruit.
